WHO ARE WE?

Acta Non Verba: Youth Urban Farm Project utilizes urban agriculture as a catalyst for elevating the quality of life for urban communities. ANV’s quarter acre farm in the City of Oakland’s Tassafaronga Park is planned, planted and harvested and sold by youth ages 5-14.

Tassafaronga Recreation Center has been a long time staple in the community as a resource for youth and adults. We strive to Expose, Enlighten, Empower and Encourage Educational Excellence through Recreational Experiences. Our goal is to provide quality recreation services based on the needs of the Tassafaronga Community.
